wire and Tube 2024:

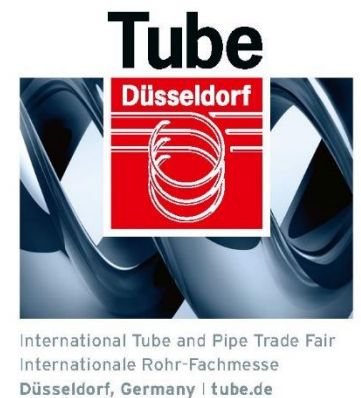

Sponsors to draw up exciting side events on the Forum Stage in Hall 1

Without them it would not be possible to present a topical, riveting programme on the large stage of exhibition hall 1: the sponsors of the Forum Stage giving the line-up of side events at wire and Tube that extra special twist from 15 April.

After all, most sponsors will put experts from their companies as speakers on stage. This means they contribute to the programme at the wire & Tube convention and the ITA Tube Forum in Hall 1 A 47 (Forumsbühne/Forum Stage). So – curtains up for the sponsors ArcelorMittal S.A. (Germany), Klöckner Metals Germany, voestalpine Rotec GmbH, Swiss Steel Holding AG, BLM S.p.A., Friedrich Kocks GmbH & Co KG, ITG Induktionsanlagen GmbH, H. Butting GmbH & Co KG and rff Rohr Flansch Fitting Handels GmbH.

Urgent questions related to the energy transition, the associated costs for the industry and end users, market trends and solutions for a green transformation of the steel industry will all make up the varied programme on the Forum Stage.

Over 2,600 exhibitors on around 119,000 square metres of net exhibition space eagerly await the start of the trade fair on 15 April. Here once again the motto will read: *join the best* in the halls of the Düsseldorf Exhibition Centre. For an overview of the programme on the Forum Stage go to:
