Perfection in innovation and technology

Cutting, slicing and sawing operations are essential manufacturing processes in many sectors of industry, which is also particularly true for tube technology. Tubes made of such a broad range of different materials as **steel, aluminium, ferrous and non-ferrous metals, plastics and composites** all go through these procedures to achieve their initial shape for further processing.

Cutting methods and expertise for your challenges

Experts, suppliers and users will be meeting in Düsseldorf to share their experience regarding the ever-changing world of separating, cutting and sawing technologies. It's the place to find solution partners for your issues and challenges.

As a visiting professional, you will meet **manufacturers of cutting machines, sawing machines and alternative cutting technologies**. Cutting and sawing tools, vibratory grinding machines and deburring machines. You will also meet suppliers, manufacturers of accessories and consumables, experts for peripheral machines and systems and the matching service providers. Contract sawmills, pre-owned machines, associations as well as **representatives from science and research** will add to the range of presentations.

Saw EXPO Forum within the framework of Tube 2024

Saw EXPO is the still young trade fair that focuses on sawing and alternative cutting technologies. As Saw EXPO 2023 in Friedrichshafen had to be cancelled, the industry is now eagerly looking forward to the Saw EXPO Forum at the 2024 Tube.

On the visitor side, the trade fair is geared towards people who employ sawing and cutting processes – regionally, nationally and internationally. Irrespective of whether they operate in the fields of metalworking, metal processing, steel trading, mechanical engineering, the automotive or chemical and pharmaceutical industry, the tubes and piping sector, recycling, window-building or warehousing and logistics.

Decision-makers are at Tube – the world's No. 1

Why don't you, too, join in the highest-level meetings for new impulses, networking, professional small-talk and big business!
